The S.S. Death Trap

For it is the dawn that has come, as it has come for a thousand centuries, never failing. But when that dawn will come, of our emancipation, from the fear of bondage and the bondage of fear, why, that is a secret.

—Alan Paton

DEDICATED TO JACK

I always suspected you were human
Even though you seemed to take
Great Delight
In catching me
Sneaking a smoke during study
Or hiding out in the library
Because I just couldn't face
That sixth period math test
But I've caught you smiling
At someone saying Hi to you
And I have spoken with you
And sensed that we were truly communicating
So you go right on pretending to be
Very stern and official
But remember
I know your secret.

AND NOW A WORD FROM OUR SPONSORS

To the Class of 1971

Best wishes for continued success in your choice of future interests.

We are proud of your accomplishments at Medfield High, and thank you for giving us an opportunity to be of service to you.

May you always enjoy happiness, contentment and well-being.

Sincerely,

Thomas A. Blake
Superintendent of Schools

Message to Graduates

Our year together has been a very gratifying one for me. I feel privileged to have the opportunity to know you. May your life be richly endowed with the blessings of happiness, love and health.

RUSSELL H. JOHNSTON, JR.
Principal

“The flowers, the
multicolored flowers
of life; but people,
true flowers of
a most precious
temporarily strolled

gorgeous, mystic,
are not the flowers
yes people are the
life: and it has been
pleasure to have
in your garden.”

—Lord Buckley

Clouds are not the cheeks of angels you know
they're only clouds.

Friendly sometimes,
but you can never be sure.
If I had longer arms
I'd push the clouds away
or make them hang above the water somewhere else,
but I'm just a man

who needs and wants,
mostly things he'll never have.
Looking for that thing that's hardest to find—

I've been going a long time now
along the way I've learned some things.

You have to make the good times yourself
take the little times and make them into big times
and save the times that are all right
for the ones that aren't so good.

I've never been able
to push the clouds away by myself.
Help me.

Please.

We were talking — about the love
we all could share — when we find it
To try our best to hold it there —
with our love.

With our love — we could save the world
— if they only knew.

Try to realize it's all within yourself
no one else can make you change
And to see you're really only very small,
and life flows on within you and without
you . . .

"I used to get mad at my school
The teachers that taught me weren't cool
You're holding me down, turning me
 round
Filling me up with your rules.

I've got to admit it's getting better
A little better all the time."

—Lennon & McCartney

Try not to get worried
Try not to turn on to
problems that upset you
oh . . .
don't you know,
Everything's all right, yes,
everything's fine.

“And all the snowmen are melting away
the children go again on their way
while the snow, the snow keeps on falling
all white like the down of a dove
The snow, the snow keeps on falling
worthless, like the tears you cry over love.”

—Rod McKuen

"Come on people now
Smile on your brother.
Everybody get together.
Try to love one another right now."

Magic is afoot . . . Magic never died . . . Magic never weakened . . . Magic never hid. Magic always ruled . . . Though his words were twisted the naked Magic thrived . . . Police arrested Magic and Magic went with them for Magic loves the hungry . . . Magic is afoot. It cannot come to harm . . . It spawns in an empty mind. But Magic is no instrument. Magic is the end . . . This I mean to whisper in my mind. This I mean my mind to serve till service is but Magic moving through the world, and mind itself is Magic coursing through the flesh, and flesh itself is Magic dancing on a clock, and time itself the Magic Length of God.

I get by with a little help from my friends.

Hello, hello, hello, hello
 goodbye, goodbye, goodbye, goodbye
 That's all there is.
 And the leaves that are green
 turn to brown.

— Paul Simon

KIKO

We've often seen you wandering confused about our beloved halls, a smile ready for anyone passing by, sincerely interested in what others are doing. We've stopped and talked to you, probably leaving you more confused than ever. You've been to slumber parties, float meetings, and field hockey games; you've gone trick-or-treating on Halloween and played basketball; you're the best pianist Medfield High has had in a long time. You've probably had many happy times and many lonely ones. We hope we have done our best to make the happy ones outnumber the lonely ones.

We will remember you as a friend, a very special friend.

FOOTBALL 1970

An enthusiastic and productive football season came to a somewhat disappointing end as Medfield lost the championship to Dover-Sherborn during the last game of the season and on a somewhat controversial point at that.

Ed Abar led the team this year as highest scorer with 102 points. Ed, along with Michael Otis, Don Conlon and Peter Martino, made several all-scholastic teams.

The Seniors contributed largely to the team this year and will be missed during next year's season.

We salute the entire team for a fine exciting performance.

CROSS COUNTRY

Medfield's best cross-country season ever also included the longest winning streak in Medfield's history. The season's final outcome of ten wins and two losses was the result of hard work and long practice and gave the team third place in the Tri-Valley League.

Led by four experienced Seniors, the underclassmen are on their way to more years of league contention.

Varsity team members included:

Co-captain — Mark Bell	Senior — Jeff Monaghan
Co-captain — Larry Childs	Senior — Mark Werner
	Jr. — Bob Swain
Coach — Bob "Bumper" Belmont	

BIG BLUE BASKETBALL

Big Blue Varsity

BASKETBALL

Medfield Big Blue Basketball gained statewide publicity for its outstanding performances this season. With a regular season record of 16 wins and 4 losses, including a school scoring record of 106 points in one game, the Big Blue was co-champion in Division A of the Tri-Valley League and qualified for the Tech Tourney. The team went on to win second place in the league and then concentrated on its Tech Tourney performance. Starting with an all-time, all class, scoring record of 100 points in their first game, the Big Blue advanced to the finals of the Tech for Class D. This fine performance qualified Medfield for the Small School State Championship.

The team's success was sparked by the superb performance of several players. Jeff Coon became the first player in Medfield's history to score 1000 points. Dave Iverson was selected All League first-string guard. Chuck Daniels and Jeff Coon were selected for the All League second team as forwards.

GIRLS' BASKETBALL

The Girls' Basketball Team, led by co-captains Pat Champagne and Eileen O'Brien, finished its season with a record of seven wins and two losses. The girls accomplished two major objectives this year under Coach Krasowski: the defeat of Dover-Sherborn and qualification for the Tech Tourney. In the Tech, Medfield won its first game, in overtime, against Duxbury, but lost the second to Foxborough. It was a winning season with many more to follow.
